PURCELLVILLE: The detour around Route 690 S. / 32nd Street between A Street and Main Street (Business Route 7) continues to be in effect. Both water main construction and sewer main construction are occurring in this area and local traffic ONLY may enter the construction zone.

The Contractor for the Town is currently installing 12-inch water main along Route 690 S. /S. 32nd Street, north of Nursery Avenue. During the flushing of the new main, residents in this area may experience temporary discoloration in the water which will clear up after running the water for a short period. During the week of July 20, residents along 690 S./32nd Street, Davis Drive and I Street may experience temporary interruptions of water service which will last up to 3 hours. Individual notifications at the residences will be made 24 hours prior to the service interruptions.

Work on the sanitary sewer main at the intersection of Rugby Court and Route 690 S. /S. 32nd Street has begun and will progress north along Route 690 S./S. 32nd Street toward Nursery Avenue. Local residents are asked to be aware of moving work zones and to be alert for changes in traffic patterns in areas where work is being performed.

If residents would like to be e-mailed press releases related to the Route 690 S. /32nd Street Infrastructure Project, please contact Dale Lehnig at dLehnig@purcellvilleva.gov

End.
